

WEBSITES FOR PARENTS AS CAREER PARTNERS

There are many websites designed to help people find information about employment, careers, education and training. The websites following are a 'snapshot' of those available.

CAREER INFORMATION

<http://www.alife.net.au>

Career videos and information

www.abc.net.au/acedayjobs

Contains a series of five minute video episodes of Australians with innovative careers. It's about people who really love their work and how they got into it.

Each episode takes you into someone else's world, and gives you an insight into aerospace engineering, forensic anatomy, science reporting, and many more careers where people are living out their dreams in their work.

<http://www.engineersaustralia.org.au/professional-development/career-planning-advice>

Engineers Australia offers a range of career services in various stages of their career. Information is available on topics such as resume writing, interview techniques and career advice.

www.bigplans.com.au

Provides a diverse career path guide to the careers within the building and construction industry such as architect, civil engineer, town planner, administration manager, interior designer, bricklayer etc.

www.careerchick.com.au

A comprehensive website for women's career paths, preparing for a job, positions available, training, profiles on leading organisations, and other useful information.

www.careersinscience.gov.au

This website features information on careers in science.

<http://www.apprenticepower.com.au/hints-and-tips/become-chef-australia/>

Provides information on how to become a chef through Apprenticeships, and the range of career paths to follow.

www.constructmycareer.com.au

Information about careers in the building and construction industry.

www.defencejobs.gov.au

Career information within the Navy, Airforce and Army.

www.ee-oz.com.au

Information about careers in the electrotechnology, communications, energy and utility industries.

www.electrotecfutures.com.au

Provides information on careers in the electrotechnology industry, covering all aspects of electrical, electronics and communication technology.

www.aajobpathways.com.au

A very comprehensive site which covers the career and training pathways in a range of apprenticeships and traineeships.

www.skillsone.com.au

Information about careers in the 'trades'.

www.insportandrecreation.net

Provides information and services for current and future education, training and career development needs in the sport and recreation industry.

<http://www.jobguide.deewr.gov.au/>

Job Guide offers detailed descriptions of a wide range of jobs including information on specific tasks and skills, and education and training requirements for each job.

www.jobjuice.gov.au

Helps in making the decision about which area you want to work in, offers information on writing a resume, tips to getting a job and also has access to information on Apprenticeships and training.

www.jobsearch.gov.au/careers

Australian JobSearch Careers will help you decide which types of career you are suited to and what to expect from your chosen occupation. This website has four main sections: Job Outlook (information and statistics about occupations), Australian Apprenticeships, Career Quiz (to help you understand the type of work you are best suited to) and Job Explorer (to find out the skills, knowledge, abilities, interests, work environment, work values, activities and tasks associated with an occupation).

www.makeit.net.au

Provides information about the diverse job roles, products, skills and training within the manufacturing industry.

www.myfuture.edu.au

Australia's online career information service. It provides information about careers, work and employment, education and training, and scholarships. It also contains activities to help you explore and plan your career.

www.nolimits.com.au

This website provides information about careers in the building and construction industry.

www.nursingsa.com

Nursing and midwifery South Australian website, with information about careers in nursing.

www.police.sa.gov.au

Offers access to the Recruiting Manual which has information regarding pre-entry requirements, education standards, testing procedures and conditions of employment. It offers general information about employment within the police force.

www.plumbingcareer.com.au

Information about careers in the plumbing industry.

www.ruralskills.com.au/ontrac

This careers website provides information on modern careers in agriculture, horticulture and animal care, as well as land and park management, the environment, aquaculture and livestock production. It gives detailed information on rural and urban based occupations, career pathways, education and training opportunities, and other relevant organisations.

www.the-linc.com.au

This logistics information and navigation centre contains information regarding careers in transport and logistics (air, sea, rail, road, storage and freight).

www.workplace.gov.au

Provides information for job seekers regarding careers, support, training and self employment.

www.yourcareerguide.com.au

This site offers Australian students career information and guidance to help them make the right career choice.

www.zoom.aigroup.asn.au

Provides information on the manufacturing industries from aerospace to technology innovation.

www.zoom2.aerospace.aigroup.asn.au

Information about careers in the aerospace industry.

www.zoom3.aigroup.asn.au

Information about careers in the boat building industry.

SELF ASSESSMENT QUIZZES AND LEARNING STYLES

www.humanmetrics.com

Various career and personality type self assessments

www.jobsearch.gov.au

Click on Careers Information, then Job Outlook and then Careers Quiz

www.myfuture.edu.au

Includes a free careers assessment in the My Guide section

www.scribd.com/doc/2684131/simpson-personality-test

The Simpsons Myer Briggs Test

www.braingradetest.com/brain-grade/test/exercise

Brain exercises to train your brain.

www.brainbox.co.uk/a3_aspects/pages/VAK_quest.htm

www.edutopia.org/multiple-intelligences-learning-styles-quiz

This quiz asks 24 questions and will take less than five minutes to complete. By the end, you may have some new insights into your learning preferences. **Note:** While the idea that students have fixed, specific learning styles is not supported by scientific research, providing students with multiple ways to learn content has been shown to improve student learning (Hattie, 2011).

www.learning-styles-online.com/inventory

www.jobguide.thegoodguides.com.au

Select Building your Career then Exploring your Options and then continue through the steps.

EMPLOYMENT

www.aajobpathways.com.au

Job pathways and career information for Australian Apprenticeships, skills, industries and wages information.

www.aajobpathways.com.au

Job pathways and career information for Australian Apprenticeships, skills, industries and wages information.

www.gtasa.com.au

Information about group training organisations in South Australia.

www.jobaccess.gov.au

Provides information and resources regarding applying for jobs and assistance available, for people with disabilities.

www.jobnetwork.gov.au

Job Network is a national network of private and community organisations dedicated to finding jobs for unemployed people, school leavers and people with special needs.

www.jobsearch.gov.au/joboutlook

Find out about job prospects, weekly earnings and other useful occupational information.
