Healthfirst Training Australia
A business unit of the Adelaide Western General Practice Network

Healthfirst Training Australia (HFTA) is a major private training provider in the delivery of qualifications within the Health industry. Flexible delivery of training is the cornerstone of our training service. Our aim is to become a leader in the provision of qualifications, apprenticeships and traineeships in Allied Health, Aged Care, General Practice and Population Health.

Nationally recognised, accredited courses will be delivered at our HFTA Skills Training Centre as well as workplaces where practicable.

Healthfirst Training Australia focuses on practical components of study as well as the academic learning, with learners given the opportunity to participate in real work situations.

Healthfirst Training Australia lecturers are practitioners with vast and current experience in the Health Industry.

Healthfirst Training Australia believes in the delivery of quality training which has been selected by the industry to meet their needs and addresses current skill shortages.

Our Graduates are prepared for the workplace and should avail themselves of the many opportunities within the Health industry.
