

## **Welcome to Daymap Connect or the Daymap Parent Portal for Mitcham Girls High School**

The Parent Portal assists parents/caregivers to access information enabling the school and families to communicate better.

New parents will be emailed access details including a Username and Password and the Parent Portal website which is <https://daymap.mitchamgirlshs.sa.edu.au/DaymapConnect>

Once you have logged in you can go to the "My Details" section to change your password.

For the system to work more effectively we require individual parent/caregiver email addresses as opposed to general or generic family email addresses attached to both parent/caregivers. This is especially important if there is a court order in place and it is a legal requirement that the school does not disclose any personal details.

Currently most of our families use a general email address for both parents/caregivers.

If this applies to you please complete the tear off slip below. Alternatively, email the school at [dl.0903.info@schools.sa.edu.au](mailto:dl.0903.info@schools.sa.edu.au) with your new email details so we can update our system.

### **What will you see in the Parent Portal?**

Initially the information available to you will include:

- Student views of Daymap – including Timetables, Attendance Data, Assessment Tasks, Timelines and Results, Assessment Plans; Classroom Management Plans
- Daymap Messages
- Calendars
- Bulletins
- Newsletters
- Parent Notices

☐ Remember me

Enter the Username (Student Code) and Password emailed to you and click **Sign In.**

Remember, if both parent/caregivers use the same email address you will only have one set of logon details.

This may impact access if one parent/caregiver changes the password and doesn't inform the other.

If you forget your password at any time you can click on the 'Forgot your password?' link to get a new password sent to you. You must know your Username (Student Code) for this to work.

Once again the new password will be for all users registered under that email.

Enter the email address you have registered with the school along with a matching valid student code and a new password will be emailed to you.

## What will you see in Your Account?

Use the side menu to navigate your way through the portal.

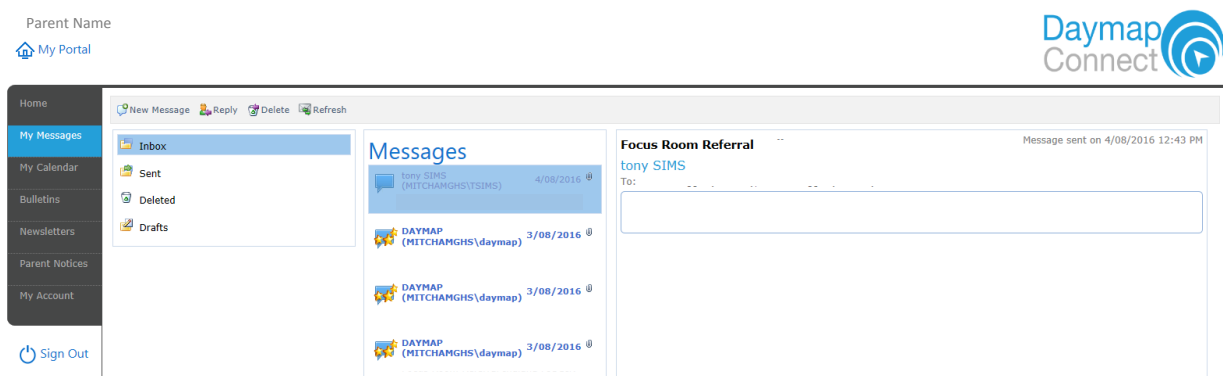

## My Messages

This screen allows you to see any Daymap messages.

It has a similar look to an email program but these messages are not associated with your email address but messages sent to you by other Daymap users via Daymap.

You can also send messages via Daymap. You will be able to send messages to teachers, but please be aware that teachers may not be able to respond immediately. We have asked teachers to ensure a 48-hour turnaround time when it comes to responding to parents/caregivers either via Daymap or email.

## My Calendar

Your calendar will show parent specific events on our school calendar. This may not be all school events, but events that relate specifically to your daughter or her year level.

## Attendance

The attendance screen shows attendance data in a variety of ways. Coloured squares on the Attendance Map denote where absences have occurred. The legend below this map explains what the colours represent. By holding your mouse over one of the coloured squares where an absence has occurred, you will get a summary of that day.

You will also get a summary of attendance for each class the student is enrolled in. Any unapproved absences should be explained via a diary note to the Care Group Teacher.

This page contains information related to the Assessment plan and timeline / due dates as well as a copy of the class Behaviour Management Plan

#### Assessment Overview

The table below provides details of the planned tasks and shows where students have the opportunity to provide evidence for each of the specific features of all of the assessment design criteria.

Assessment Type and Weighting	Name and details of assessment	Assessment Design Criteria			Assessment conditions (e.g. task type, word length, time allocated, supervision)
		K&U	AN	APP	
Assessment Type 1 Responding to Texts Weighting 40 %	Novel response. This could be an independent or a class novel. Students will examine how the author has used stylistic features and language devices to develop themes.	1,2	2	1,2,3	A written essay of a maximum of 800 words.
	Response to text: poetry. Students compare two poems on the same theme from two different contexts (e.g. nineteenth and twentieth century). Students examine how the purpose, context and audience influence the language and stylistic features.	1,2,3	1	1,2	A written comparison of a maximum of 800 words.
