

Get paid to study and work in Industry 4.0

+ Earn a Nationally Recognised **22460VIC Diploma of Applied Technologies**

The Fourth Industrial Revolution (Industry 4.0) is connecting the physical world with the digital world.

The digital age has hit the Energy, Engineering and Manufacturing industries – so we need you.

Are you currently in Year 12 and have a passion for:

- CAD and CAM technologies
- Automation
- AI
- Big Data
- Cloud computing
- Cyber-physical systems
- Digitisation
- The Internet of things
- Virtual reality

Get paid to earn a Nationally recognised **Diploma of Applied Technologies** while developing workplace skills in the job, plus a potential pathway into the University Bachelor Degree.

Next three years – sorted!

Interested?

Then see you at the **Frontier 4.0 Career Expo**
October 2020
National Wine Centre
North Terrace, Adelaide
